

Before you login the first time, click “Run the Web Checker” on the Harcourt Math home page to see if your computer is set up to enjoy all of the activities, features, and functionality of the Harcourt eProducts.

<p>Type in your username and password* Contact your teacher for this information</p> <p>Click “Login”</p>	
<p>Click “Go to the Online Book”</p>	

There are three ways to navigate through your Harcourt Math Textbook:

Use the Contents Tab

Click the *Contents* tab to view the table of contents. Click the arrows to show links to specific sections of the book. Click the link to view a specific page of the book. Use the *Next* and *Previous* buttons at the top of the page to move through the eBook.

Use the Book Pages Tab

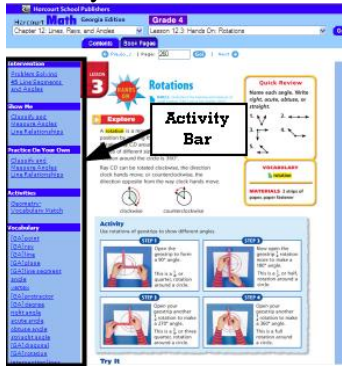

Click the *Book Pages* tab to view the first page of the eBook. To see a specific textbook page, type the page number in the box and click *Go*. Use the *Next* and *Previous* buttons at the top of the page to move through the eBook.

Use the Drop-Down Menus

On the top of the page, you will find two drop-down menus. First, use the left menu to choose your unit or chapter. Then, use the right menu to choose the section of the unit or chapter you wish to view. Use the *Next* and *Previous* buttons at the top of the page to move through the eBook.

In addition to seeing the exact page from the book, you will find an activity bar on the left side of each textbook page.

Left Side Activity Bar

Intervention

- [Problem Solving](#)

Show Me

- [Using Expressions](#)

Practice On Your Own

- [Using Expressions](#)

Activities

- [Escape from Planet X](#)

Vocabulary

- [order of operations](#)

Intervention

Under the "Intervention" section, click the links to access interactive tutorial lessons designed to reinforce the skills on that textbook page.

Show Me

Under the "Show Me" section, click the links to access animated exercises designed to reinforce the concepts on that textbook page.

Practice On Your Own

Under the "Practice On Your Own" section, click the links to access an interactive quiz that provides immediate feedback to students.

Activities

Under the "Activities" section, click the links to view interactive activities, Math Jingles, E-Labs, Math Models or CNN Video Activities.

Vocabulary

Under the "Vocabulary" section, click glossary terms to hear the words and see their corresponding definitions. Terms can also be viewed by clicking any vocabulary word highlighted in yellow.

When you are finished Click "Log-out" at the top right of your screen
