

School Year 2009-2010

Dear Parent(s) of Shiloh Elementary Student(s),

Shiloh Elementary School is using *SuccessMaker Enterprise* (SME) as a tool to enhance student achievement in math, reading or both. *SuccessMaker* is an instructional software program correlated to the Gwinnett County curriculum in reading, language arts, and mathematics.

At school, students have access to SME in their classroom and in the computer lab. We would like to extend the use of this software by providing your child with home access. Studies show that the more time spent using SME during the week, the greater the skills gained for each child.

Please look over the computer requirements information below. If your computer meets all of the requirements and you are interested in your child using SME at home, please complete and return the attached enrollment form to your child's classroom teacher.

When the enrollment form is received, your child will check-out a SME software package from the Media Center. The software package will include the software disks, directions for installation, and directions for using the software at home.

Computer Requirements for SuccessMaker at Home:

Note: You must have home internet access to be able to use this software.

Installation disks are DVDs. Your computer needs to be able to read DVDs (have a DVD-ROM) in order to install this software.

Windows 2000 and Windows XP	Windows Vista	Mac OS 10.4 or OS 10.5
Processor: 800 MHz or faster	Processor: 800 MHz or faster	Processor: 800 MHz or faster processor
512 MB memory or higher	512 MB memory or higher	512 MB Memory or higher
Monitor Resolution: 1024 X 768 with thousands of colors	Monitor Resolution: 1024 X 768 with thousands of colors	Monitor Resolution: 1024 X 768 with thousands of colors
